

Dear Employer,

Thank you for accepting our student and agreeing to assist them in their Work Experience. Work Experience is part of the Career Education Programme in the school.

The insurance policy held by the school with Allianz p.l.c. indemnifies the Board of Management against any legal liability it incurs in connection with the participation of students in Work Experience.

The students should participate in meaningful work and the school expects them to adhere to any workplace rules which may be in place.

I enclose an employer's report which you can return to me at your convenience.

Is mise le meas,

Gmer Clarke.
