

TY Lilliput Bonding Trip

Tuesday the 2nd of September our TY year went to Lilliput for our bonding day. We were split into our classes when we arrived at Lilliput. We had 5 different groups TY A,B,C,D,E. Our group started off with bog hopping and paddleboards; I really enjoyed paddleboarding as it was very fun but the downside was it was very cold. Then we moved on to games which included rounders and splat. These games were very exciting to play with friends. Next, scavenger hunt where we split into 4 groups and went looking for stamps. This was a very entertaining exercise. We proceeded to capture the flag where you hid an orange bib and had to let the other team find it and race back to the middle. This was very fun to hide and to seek for the flag. Lastly, we did rock climbing, trampoline basketball and piggy in the middle. These were very funny games to play and do while you waited for another game to be free. Every TY group did these activities in different order and after that we ended off our day and went home.
